

MONZA

Natural, Honed and Blazed.

MONZA is a mix of two very different materials, but at the same time modern and precious. The Italian marble Grigio Soverata, with a very gritty and decisive character, merges with the timeless Spanish cobblestone coming from the warm Andalusia. The stony background conveys the idea of strength and tranquility, the veins of the marble give light, shades and personality to the project while the pebble gives color and embellishes your floor thanks to its beautiful details.
